

Our family lives and works in an area with high Christian morals, which includes a growing Christian school (preschool-high school). K-LOVE is our radio station of choice, as it is for many of our friends and family. K-LOVE supplies us with uplifting, informative programming our whole family can trust and enjoy. Please do not propose, or pass, any rule changes that will affect us and our community - to do so would be robbing us of the sound, encouraging communication we need, choose, and desire to hear.
